# **2016 Impaired Waters List**

A. Full Impaired Waters List (Categories 4 and 5)

- B. 2016 Proposed Listings
- C. 2016 Proposed Delistings

#### Notes

Listing records are provided for each impaired assessment unit (AU) and pollutant combination.

Each waterbody and AU is assigned a unique number; waterbodies are assigned waterbody identification codes (WBIC) and assessment units are assigned WATERS IDs.

The AU/pollutant listings are sorted alphabetically by local waterbody name.

#### A. Full Impaired Waters List (Categories 4 and 5)

Wisconsin's comprehensive listing of impaired waters. Category 4 waters are those for which EPA-approved Total Maximum Daily Loads (TMDLs) have been developed. Category 5 waters are those for which TMDLs have not yet been developed. This list represents Wisconsin's Section 303(d)-listed waters prepared in fulfillment of Clean Water Act Section 303(d) of the Clean Water Act.

#### **B. 2016 Proposed Listings**

Listings proposed to be added in the draft 2016 Impaired Waters List.

#### C. 2016 Proposed Delistings

Listings proposed to be removed in the draft 2016 Impaired Waters List
